CHÂTEAU DES BERTRANDS

Château des Bertrands spans over 190 acres of vines and nestles in the heart of the exceptional Natura 2000 nature reserve in the Maures Plain. Reputed for its outstanding ecological riches, the reserve is home to remarkable plant and animal life.

We are environmentally-aware wine growers, and adapt our work daily to contribute to the conservation of species living on our soil. Our growing techniques go hand in hand with our commitment to preserve this precious, protected area.

We are also keen to share our magnificent environment with visitors, and have developed a "Wine & Nature Walks" programme in partnership with the Garde-Freinet Heritage Society - a wonderful adventure inviting you to discover the natural and wine growing treasures of the Maures Plain.
